

TEAM 2 NOVEMBER NEWS

Welcome back to school! We are beginning our second quarter refreshed and ready to learn. We hope that you enjoyed some family time together during the fall break and are eager to begin the routine of learning and school again. We have begun our second theme in reading. It is called "Nature Walk". This ties in well with our recent study of lifecycles and our fieldtrip to the nature center. A huge **thank you** to the parents who were able to help supervise students that day. We really appreciate your help.

During integrated studies in November we will be learning about making positive decisions and how to have and keep a healthy body. We began this study right before fall break with activities related to Red Ribbon Week and staying drug free.

Thank you so much for attending parent teacher conferences in October. We really enjoyed meeting with you and sharing information about your child. On Wednesday November 7th, your child's first quarter report card will come home in his/her Wednesday Folder. Please let us know if you have any questions or concerns.
