May 2008

Volunteer Opportunity

We would love to have more volunteers come to Team 1 on Wednesdays to help pack our Wednesday Folders! If you are available and interested in helping us out in this way or if you have any questions, please contact your child's teacher. We would be most appreciative of your help!

Team 1 Field Trip – May 22

Our team is really looking forward to a fun-filled end of the year field trip. Thank you very much to the parents who have volunteered to supervise a small group of children while at the Children's Museum! The bus will leave school around 9:30 and we will be at the Children's Museum from 10:00 – 12:00. From there we will head to Antelope Park for a picnic lunch. Each child will need to have a sack lunch. This lunch may be purchased from school or brought from home. Look for a lunch note to come home soon. You will be able to indicate whether your child will bring a lunch from home or if they would like to order a school sack lunch.

Special Visitor

John Chapo, the director of the Lincoln Children's Zoo, will be coming to speak to our students about animals and share his slides from an African Safari. We

appreciate his willingness to share his experience with us.

Thank You!!

We want to thank all of you for your support this year. Thank you to those of you who came to school to volunteer. We appreciate your help and you saved us a lot of time. We appreciate all of the families who sent tissues, food, money, etc. for the worthwhile collections to which we have contributed. Most of all, thank you to all of you for reading with your children, writing stories together, practicing math facts, and all the other ways you have supported your child's learning this year. We truly believe the best learning occurs when it is supported by caring, concerned adults both at school and at home. Please be sure to have your child read, write, and practice math over the summer! Thank you again!
