

Team 3 April Newsletter

March was a busy month in Team 3. We finished theme 5 in reading, which means we only have one more theme to go!! The students can organize events into a time line and know why authors include headings, illustrations, and captions in their stories. We wrote great descriptive stories in writer's workshop. The students are realizing that publishing a piece of writing takes many days of revising.

Mrs. Gasseling came and demonstrated a new art concept to the team. The students enjoyed working with monochromatic colors to create a work of art. They also enjoyed having Mrs. Gasseling as a guest teacher.

In math, the students had fun working with geometric shapes and solids. We are now working on area and perimeter. Fractions and decimals are in the near future. Keep reminding your child to practice their math facts at home. We need your help! We are working toward faster recall with all students.

The Metropolitan Achievement Test (MAT) will be given the week of April 7th - 11th. We know that all of our team will remember to get a good night's sleep, eat a healthy breakfast, and pay attention to directions and details so they can perform their best!! Have a wonderful 4th quarter.

Teacher e-mail Addresses

For your convenience, we are including our e-mail addresses to assist you in home-school communication. Please feel free to contact us whenever you feel the need!
